## THE LATEST

It is stated that action will probably  
be taken in all the Northwestern States  
to prevent the operation of the rail-  
road combine, and extra sessions of the  
Legislatures may be called by a num-  
ber of Governors. The officials of the  
combine refuse to discuss the proposed  
opposition, but Charles Steele, of J. P.  
Morgan & Company, stated yesterday  
that the combine was not in violation  
of any of the laws, and that it would  
benefit the shippers.

The Hays-Pauncefote treaty, to  
facilitate the building of the Nicara-  
guan canal by the United States,  
was signed yesterday by Secretary Hay  
and Lord Pauncefote and is ready for  
the action of the Senate. As soon as  
it is ratified treaties with Costa Rica  
and Nicaragua will be negotiated. The  
report of the Isthmian Canal Commis-  
sion, favoring the Nicaraguan route, will  
probably be sent to the President this  
week.

State troops are now stationed in  
Webster county at the Providence Coal  
Company's mines, where the fight be-  
tween union men and the nonunion  
miners and mine guards occurred Sun-  
day morning. The county officers are in  
search of the members of the attacking  
party, and three of them are reported  
to be under arrest in Union county. The  
union men who have been encamped at  
Madisonville have gone to Nortonville.  
Troops will probably be sent to that  
point.

Mr. C. E. Sapp, now that he is out of  
Government employ, has developed  
great opposition to Federal employes on  
political committees, and will see that  
all such office-holders are forced out of  
the Republican City and County Committee  
at its coming reorganization.

Instead of returning the body of  
Charles Goodman to Jeffersonville, May-  
or Duley, of Little Rock, has ordered  
it turned over to Mrs. Rathbun, re-  
fusing to believe that the man in jail  
in Jeffersonville is Rathbun, though the  
prisoner admits his identity.

The report made by the chairman of  
the Women's Christian Temperance  
Union's Convention in Ft. Worth, Tex.,  
showed that the amount of money  
pledged at the meeting was the largest  
ever realized at any session of the or-  
ganization.

Coroner Funkhouser, of St. Louis,  
yesterday rendered a verdict finding the  
St. Louis Health Department negligent  
in the preparation of the diphtheria  
anti-toxin that caused the deaths of  
seven children from lockjaw.

The largest cotton plantation in the  
world is to be established in Avoyelles  
parish in Louisiana by Pennsylvania  
capitalists. It will embrace 100,000 acres,  
which will probably be purchased to-  
day.

Prince Ching has been ordered by the  
Empress Dowager to conclude the Man-  
churian treaty with Russia. Japan and  
the Southern Viceroy are working des-  
perately to prevent it.

Gold bars to the amount of \$7,082,581  
will be shipped to Europe to-day by  
the steamship Kaiser Wilhelm der  
Grosse. All but \$1,000,000, it is stated,  
will go to Paris.

Mr. Joseph A. Craft, the new Collector  
for the Fifth district, assumed his duties  
yesterday, and the entire office force—  
the same that served under Mr. Sapp—  
were sworn in.

Nathaniel Baxter, Jr., president of  
the Tennessee Coal, Iron and Railway  
Company, has resigned to become pre-  
sident of the Cumberland Coal and Coke  
Company.

The Southern railway's good roads  
train has arrived in Birmingham, Ala.,  
and a good roads convention for North-  
ern Alabama meets there to-morrow.

The Irish Parliamentary leaders, who  
are touring this country in the interest  
of the Irish cause, were received by  
President Roosevelt yesterday.

The first annual report of the Balti-  
more and Ohio road under the new  
management shows an increase of 7.44  
per cent. in net earnings.

Despite material modification of the  
Ship Subsidy bill, it will meet with  
determined opposition this year in both  
branches of Congress.

Dispatches from Rome indicate that  
the Pope's health is regarded at the  
Vatican as indicating the early ap-  
proach of death.

Suit has been filed in Cincinnati to  
test the validity of the Southern rail-  
way lease extension and the \$2,500,000  
bond issue.

The wife and family of President  
Bryan, of the Orange Free State, are  
to have been deported from South  
Africa.

Mr. Charles F. Grainger will be sworn  
in as Mayor of Louisville at noon to-  
day by Judge Emmet Field.

SOLDIERS FOR NORTONVILLE.

Madisonville, Ky., Nov. 18.—[Special.]  
—There has been no sign of disorder  
throughout the strike regions since the  
shooting near Providence yesterday  
morning. A detachment of State  
troops, under the command of Capt.  
Hiram Thomas, is stationed at the  
Slope mines, the scene of yesterday's  
fight. Sheriff Hubbard and his deputies  
are still at Providence and are  
making every effort to discover who  
composed the attacking party. Reports  
have been received from various parts

of the county that the union men  
have threatened to burn the railroad  
trestles leading from the main line of  
the Louisville and Nashville to the  
mines. While this report is hardly  
credited the troops will be sent there  
as a matter of precaution.

Adj. Gen. Murray has turned over  
the detachment of troops at Providence  
to County Judge Hall, of Webster county.  
He will direct their movements as  
long as they remain there. The troops  
remaining here were turned over to  
County Judge John Hall, of this county,  
and they will be sent wherever he  
directs. It is thought a detachment  
will be sent to the Oak Hill mines near  
Nortonville, where about three hundred  
union miners are in camp.

## SCENE OF THE KENTUCKY MINE TROUBLES.

The Reinecke mines, covered by Federal Judge Evans' order, are located at  
Madisonville; the St. Bernard mines, at Earlinton, and the Providence mines,  
where Sunday's clash took place, are just across the Hopkins line in Webster  
county. Nortonville, to which place the camp of armed men is moved, is at  
the crossing of the Illinois Central and Louisville and Nashville railroads.

Union miners have been seen on the  
streets for the past two days, and they  
were residents of Providence.

## TREATY FOR THE CANAL IS FORMALLY SIGNED.

LORD PAUNCEFOTE,  
Ambassador for Great Britain.

will cause the end of the trouble in this  
section.

COURT ORDER NOT VIOLATED.  
Judge Evans' Injunction Applied  
Only In Case of Reinecke Mines.

As the restraining order granted by  
Federal Judge Evans last week applied  
only to the Reinecke mines near Madis-  
sonville, the attack Sunday at the  
Providence mines, in Webster county,  
twelve miles away, was not a violation  
of the Federal injunction.

Regarded As a Victory  
For the United  
States.

NOW READY FOR SENATE.

Other Treaties Are To  
Follow Ratification.

PROTOCOLS NOW ARRANGED.

NEW CONVENTIONS TO BE MADE  
WITH NICARAGUA AND  
COSTA RICA.

POINTS OF THE NEW TREATY.

Washington, Nov. 18.—The Hay-  
Pauncefote treaty, making possible  
the early construction of the Nicara-  
guan canal, was signed to-day five  
minutes after noon by Secretary of  
State Hay for the United States and  
Ambassador Pauncefote for the King-  
dom of Great Britain. The treaty will  
now go to the Senate for ratifica-  
tion.

The report of the Isthmian Canal  
Commission, favoring the Nicaraguan  
route, will probably be placed in the  
hands of the President this week. The  
cost of the Nicaraguan route is esti-  
mated to be 75 per cent. of the cost  
of the Panama route, and for this  
reason it is preferred.

Replaces Amended Treaty.

The treaty signed to-day is intended  
to replace the first Hay-Pauncefote  
treaty. That convention was amended  
so extensively by the United States  
Senate at its last session that the  
British Government declined to ratify  
it. Within a few weeks negotiations  
began afresh between Secretary Hay  
and Lord Pauncefote, which have just  
resulted in the signature of the new  
treaty, drawn with special reference  
to the objections found by the Senate  
with the first treaty.

From a due sense of the courtesy  
which must be observed towards the  
United States Senate wherever a treaty  
is concerned, the State Department  
is estopped from making public the text  
of the new convention, and that will  
remain secret until the Senate itself  
shall break the seal of confidence.

Alleged Texts Conjectural.

It is said at the State Department  
that the various publications which  
have been made of the alleged text of  
the treaty are all erroneous and con-  
jectural, though, in view of the rather  
free admissions that have been made  
of the purposes of the negotiations, it  
has been possible by the use of the  
text of the first treaty to construct  
one similar in general terms to the new  
convention.

The principal point of difference be-  
tween the new and the failed treaty is  
the withdrawal of Great Britain from  
the joint guarantee of the neutrality of  
the canal, thus leaving the United  
States the sole guarantor. The exclusion  
of the old provision respecting the right  
to fortify the canal leaves that right  
by inference optional with the United  
States. All commerce of whatever na-  
tionality passing through the canal will  
fare alike; there will be no discrimi-

nation in rates in favor of United  
States shipping.

Otherwise the new treaty is in scope  
similar to last year's treaty. It replaces  
technically the Clayton-Bulwer treaty,  
concluded on April 19, 1850. By the  
terms of that old convention the United  
States and Great Britain agreed that  
neither should seek any advantage in  
rights of transit across the isthmus. By  
the new convention Great Britain yields  
her right in favor of the United States,  
which is thus at liberty to construct a  
canal.

Now Up To the Senate.

Nothing more remains to be done as  
far as this treaty is concerned before  
the Senate meets, or, indeed, until the  
treaty shall have been ratified, rejected  
or amended. If it should be ratified  
the State Department will proceed im-  
mediately to negotiate treaties with  
Costa Rica and Nicaragua, for which  
it has already arranged in protocols  
pending before the Senate, which will  
permit the canal to be constructed and  
prescribe the terms upon which the  
consent of Nicaragua and Costa Rica  
is given.

It was in anticipation of this action,  
it is presumed, that the Nicaraguan  
Government only recently denounced  
the treaty of trade and commerce with  
the United States. This treaty con-  
tained sections conveying rights as to  
canal construction which are to be re-  
placed by more modern provisions.

Signature Without Ceremony.

There was no particular ceremony  
connected with the signature to-day of  
the important convention. Lord Paun-  
cefote had been indisposed for several  
days past, and it was not expected that  
the treaty could be signed before the  
end of the current week. However, to  
the surprise of the State Department  
officials the Ambassador appeared at  
the department about noon, and the  
work of signing the treaty was soon  
disposed of. The scene was the historic  
diplomatic chamber of the State De-  
partment, and besides the principals,  
Secretary Hay and Lord Pauncefote,  
there were present Mr. Sidney Smith,  
Chief of the Diplomatic Bureau of the  
State Department; Mr. Percy Wynd-  
ham, the Second Secretary of the Brit-  
ish Embassy, and William Gwin and  
Edward Savoy, the Secretary of State's  
private messengers, whose duty it was  
to attend to the affixing of the seals.

The treaty was signed by Secretary  
Hay with a gold pen in a silver pen-  
holder, which had been used in the  
signature of other conventions and is  
the personal property of the Secretary.

THE HON. JOHN HAY,  
Secretary of State for the United States.

president and treasurer, James C. Peaslee, secretary and clerk of the board, T. S. Howland. The officers are the same as before the Burlington was acquired by the Great Northern and Northern Pacific companies.

The directors and officers were elected at a meeting today at the New York office of the Northern Pacific Railroad Company. The meeting was a surprise, as it had been announced that the election of directors would take place in Chicago next Thursday. Three of the directors—Messrs. Schiff, Harriman and Gould—are Union Pacific representatives and members of the Executive Committee. The other directors are: J. N. Hill, with N. B. Ream, of Chicago; are Hill directors, and Robert Bacon represents J. Pierpont Morgan & Co. Mr. Twombly is a director of the Chicago and Northwestern railroad. The retiring directors are: C. J. Paine, T. J. Condit, W. M. Engle, Richard Olney, E. W. Hooper, J. H. Smith, G. P. Gardner and Nathaniel Thayer.

#### "BILLION-DOLLAR" RAILROAD.

What the New Northwestern Combine Includes.

New York, Nov. 18.—[Special.]—Regarding the new Northwestern railroad combine, the Wall-street Journal says: As at present constituted, the Northern Securities Company will absorb the stocks of the Great Northern and Northern Pacific Companies and will control the equity in the Burlington Company, representing the earning capacity of the company. It is capitalized as follows: Bonded debt, etc., \$47,000,000; stock, \$400,000,000; total, \$447,000,000, making it the first "billion-dollar" corporation in the railroad business. It operates about 18,250 miles of road, so that it is capitalized for roughly \$25,000 a mile in bonds and \$22,000 a mile in stock—in all, about \$47,000 a mile. The net earnings of the constituent companies last year were: Burlington, \$1,010,000; Great Northern, \$12,507,248; Northern Pacific, \$15,920,840, and the gross income was \$48,543,200.

#### DEBENTURE BONDS REDUCED.

Buffalo, Rochester and Pittsburgh Stockholders Hold Meeting.

New York, Nov. 18.—At the annual meeting of the stockholders of the Buffalo, Rochester and Pittsburgh Railway Company today, the recommendation of the directors that \$1,000,000 of debenture bonds be reduced from 5 to 4 per cent. were accepted. The condition that they be made convertible into common stock of the company at par was imposed. The proposal that the remainder of \$2,000,000 debenture bonds authorized in 1897 be made convertible and redeemable on the same terms was also accepted as was the recommendation that the common capital stock of the company be increased to \$60,000. The old board of directors was re-elected.

#### INCREASE IN EARNINGS.

First Report of Baltimore and Ohio Road Under New Management.

New York, Nov. 18.—The annual report of the Baltimore and Ohio railroad for the year to June 30, last, the first issued under the new management, shows an increase in gross earnings of \$1,331,222.72, or 10 per cent., an increase in operating expenses of \$3,315,014.16, or 15 per cent., and an increase in net earnings of \$1,113,308.57, or 7.44 per cent. After paying dividends, interest and other charges, there remained an undistributed surplus of \$1,388,985. The text of the report is brief and does not refer to the Pennsylvania purchase of the stock.

#### New Directors Elected.

Richmond, Va., Nov. 18.—The annual meeting of the stockholders of the Richmond, Fredericksburg and Potomac railroad was held here today. On the part of the individual stockholders, W. J. Leake, George W. Stevens, Samuel Spencer and John Skelton Williams were elected directors. With the exception of Judge Leake, all these are new members. J. Taylor Ellison was announced to be elected himself as director on the part of the State. Maj. E. T. D. Meyers was re-elected president.

#### IRISH LEADERS GREETED BY PRESIDENT ROOSEVELT.

He Astonishes His Visitors By His Knowledge of the Situation in Ireland.

Washington, Nov. 18.—The Irish parliamentary leaders who are touring this country agitating the Irish cause were given a special audience by President Roosevelt today. The party consisted of Mr. and Mrs. John E. Redmond, P. A. McHugh, Thomas O'Donnell, Miss Dalton, of Australia, a sister of Mrs. Redmond, and Mr. and Mrs. St. John Gaffney, of New York. The President received them with cordiality in the reception room adjoining the Cabinet room. He questioned his visitors on the intimate knowledge of the Irish situation which he displayed.

After greetings had been exchanged on both sides and the President and Mr. Redmond had held a brief private conversation, aside from the others, the President returned to the party to go into the Red parlor downstairs in order that he might present Mrs. Roosevelt. This was done and ten minutes were spent in high spirits when it left the White House.

#### WHEELER ON TRIAL.

Must Answer To Higher Courts For Alleged Forgeries.

New York, Nov. 18.—O. B. Wheeler, Jr., charged with forging the names of a number of prominent business men of Chicago to a sheet of notes aggregating on their face \$100,000, was committed for trial today. It developed from the testimony taken that there had been no attempt at intimidation in writing the names that had been used, but that all had been written offhand in the same manner. Wheeler's counsel pleaded that the prisoner had been drinking, was ill and was irresponsible. The magistrate said he would let the higher court pass on the responsibility of the prisoner. Bail was fixed at \$10,000.

#### DEALERS IN IMPLEMENTS.

Those of Kentucky, Indiana and Ohio Elect Officers.

Cincinnati, Nov. 18.—The Tri-State Vehicle and Implement Dealers' Association in session here today elected the following officers: Albert S. Miller, Crawfordsville, Ind., president; vice president, J. S. Watkins, Lexington, Ky.; directors, George W. Young, Cincinnati, O.; C. F. Brink, Asheville, N. C.; Harvey Trublood, Washington, Ind.; Kent R. Wigger, Maryland, Ind. The Executive Committee will select a secretary and treasurer to-morrow. Cincinnati was selected as the next meeting place in November, 1902.

Tennessee Coal, Iron and Railroad Company's President

### ACCEPTS ANOTHER POSITION.

WILL BE HEAD OF A NEW CORPORATION.

### GIVES UP SALARY OF \$15,000

To Become President of Cumberland Coal and Coke Company, Which Has Valuable Properties.

### FRUIT JAR COMBINE BROKEN.

Nashville, Tenn., Nov. 18.—[Special.]—Announcement was officially made this morning that Nathaniel Baxter, Jr., had tendered his resignation as president of the Tennessee Coal, Iron and Railroad Company, and, after December 1, will be associated with Col. Jere Baxter and the St. Louis syndicate, as the executive head of the Cumberland Coal and Coke Company.

It was through the influence of Col. Baxter that his brother consented to surrender a position worth \$15,000 a year, as well as the presidency of the largest of all Southern corporations, in order to assume the direction of the affairs of a company whose properties are comparatively undeveloped. The extent of the mineral land holdings of the Cumberland company is between four and six hundred thousand acres. The Crawford property and the Netherland properties are to be consolidated at once, and by the first of the year it is expected that the work of opening new coal and ore mines will have commenced.

The capital stock of the Cumberland company is \$5,000,000.

Several thousand coke ovens are to be constructed without delay and within eighteen months the output from them and from the various mines will be enormous.

The lands are located on the Cumberland plateau, and in a report to the Rothschilds from experts sent to all the coal fields of the country, the statement is made that the deposits are the most extensive known.

### FRUIT JAR COMBINE BROKEN.

Every Firm Will Be Independent, and a Fight Is Expected.

Marion, Ind., Nov. 18.—The affairs of the fruit jar combine have been closed, and from this time every firm will be independent, and a big fight is expected. J. L. McCulloch, president of the Marion Fruit Jar and Bottle Company, said:

"For the last two seasons the fruit jar manufacturers of this country have sold their entire product through one selling agency. The scheme is a practical one if it were possible to fix an equitable ratio of interest between the different firms, but this could not be done. Under the selling agency arrangement too many manufacturers in other lines of business have begun to enter the fruit jar field. This was already having an effect to disrupt the favorable market conditions."

From position on this manufacturer will sell his own product at whatever price he thinks best.

### APPEAL FOR INJUNCTION.

Validity of Southern Lease Extension, and Bond Issue To Be Tested in Cincinnati.

Cincinnati, Nov. 18.—[Special.]—Corporation Counsel Hunt today filed suit in the Superior Court to test the validity of the Southern lease extension and the \$2,500,000 bond issue.

The petition sets forth the lease agreement, which it says the Southern trustees are about to make. The request of Mr. Hunt, a citizen, that the injunction suit be brought is referred to, and then the injunction is asked to prevent the execution of the lease and the issuance of the bonds. It is held that a constitutional provision is violated by the terms of the lease extension that provide for the future payments of rentals, which would be presently accruing under the lease now in force.

The petitioner for the city of Cincinnati claims that there is no power legally vested to make the lease extension referred to.

### PORTLAND CEMENT COMBINE

Will Include All Works West of Pennsylvania and in Michigan.

Grand Rapids, Mich., Nov. 18.—Plans are under way for the forming of an extending the Portland cement combine, the purpose of the combine is to include in its control all the works in Michigan and in States west of Pennsylvania. The idea, it is said, is not to effect a combine at once, but to pave the way for the organization of a "community of interest arrangement." Territory will be distributed and competition will be eliminated as far as possible. Representatives of some of the biggest plants in the country are here supporting the movement.

### WILL CROSS MISSISSIPPI.

Plans For Railroad Extension At Hickman, Ky.

Hickman, Ky., Nov. 18.—Mr. W. C. Hickman, Chief Engineer of the N. Mr. Willis did not make public the plans, but information has it that the work will be commenced very soon.

### OIL STRUCK AT 530 FEET.

Good News Received By the McCannaghy Company.

Danville, Ky., Nov. 18.—President Lanier, of the McCannaghy Oil Company, which is composed of Danville men, and has its headquarters here, received a telephone message this morning informing him that oil had been struck in the company's first well at a depth of 530 feet. The well now has sixty feet of

## MAMMOTH COTTON PLANTATION TO BE ESTABLISHED IN LOUISIANA

Pennsylvania Capitalists Will Purchase 109,000 Acres of Land in the Red River Flats.

New Orleans, Nov. 18.—[Special.]—The biggest land deal ever promoted in the State of Louisiana will probably be consummated at Marksville, Avoyelles parish, to-morrow at noon, embracing a tract of 109,000 acres in the Red River flats. The land is now covered with a dense growth of virgin hardwood timber, and after this has been removed the whole body of land will be planted in cotton, making it the largest cotton plantation in the world by many thousand acres.

A Pennsylvania syndicate of capitalists is projecting the gigantic scheme. S. T. Fousman, of Williamsport, Pa., to-night registered at the St. Charles Hotel, this city, is one of the promoters. He is a partner in the Bowman-Fousman Lumber Company, of Williamsport, and is also a director in the Lycoming National Bank, of that place.

Mr. Fousman came in from Marksville to-day. A company is being organized with \$2,000,000 capital, all Pennsylvania money, to carry out the plans for the mammoth cotton plantation. The first step will be to remove the timber, which will be exported direct to Europe through this port. Mr. Fousman is now conferring with lumber men here with regard to getting the shipments across the Atlantic.

Avoyelles parish is 160 miles up the Mississippi river delta from this city, and contains some of the most valuable Red river bottom lands.

Speaking of the big transaction to-night, Mr. Fousman said: "We will organize a company for the planting of the cotton staple on the largest scale ever attempted in this country, or in any other. We will put the most experienced cotton men in charge of the project—men with all the experience for the money. There are seven of us in the deal."

### THE ONLY WAY.

HAVE THE KENTUCKY AND BIG SANDY RIVERS ADDED TO DISTRICT.

This Will Give the Louisville Station a United States Engineer For All Time.

"Put Kentucky and Big Sandy rivers in the territory embraced in the district controlled by the local office of the United States Engineer," said a prominent citizen well up on the waters of the Middle States, yesterday afternoon, "and the station will be so important that it will never be without an engineer, as is now threatened when Capt. William L. Sibert leaves for Pittsburg."

### SOME ONE KNEW THE SAFE COMBINATION.

Burglar Frightened Away Before He Got To \$500 of L. Simon & Co.'s Money.

The detectives regard the attempt to rob the safe of L. Simon & Co., brokers, on Jefferson street, near Fourth avenue, as a mystery. The attempt was made between Saturday night and 8 o'clock yesterday morning. The burglar was apparently familiar with the building and the firm's manner of doing business.

The door was opened with a key and the vault door was unlocked by some one who learned the combination. About \$500 was in the money compartment and a hole was bored through the steel door. At this juncture, the thief was apparently frightened away. He left his tools, a brace and bit, a hammer and two chisels, lying upon the floor.

## TREATY FOR THE CANAL IS FORMALLY SIGNED

(Continued From First Page.)

directly at its own cost or by gift or loan of money to individuals or corporations or through subscription to or purchase of stock or shares, and that, subject to the provisions of the present convention, the said Government shall have and enjoy all the rights incident to such construction, now as to the exclusive right of providing for the regulation and management of the canal."

Other provisions follow: "First—The canal shall be free and open to the vessels of commerce and of war of all nations, observing these rules on terms of entire equality, so that there shall be no discrimination against any such nation or its citizens or subjects in respect of the conditions or charges of traffic or otherwise."

"Second—The canal shall never be blocked, nor shall any right of way be exercised nor any act of hostility be committed within it."

"Third—Vessels of war of a belligerent shall not reveal nor take on any stores in the canal except so far as may be strictly necessary; and the transit of such vessels through the canal shall be effected with the least possible delay, in accordance with the regulations in force, and with only such intimation as may result from the necessities of the service. Prizes shall be deemed subject to the same rules as vessels of war of the belligerents."

"Fourth—No belligerent shall embark or disembark troops, munitions of war or warlike materials in the canal except in case of accidental hindrance of the transit, and in such case the transit shall be resumed with all possible dispatch."

"Fifth—The provisions of this article shall apply to waters, navigable or not, within three marine miles of either end. Vessels of war of a belligerent shall not remain in such waters longer than twenty-four hours at any one time except in case of distress, and in such case shall depart as soon as possible, but a vessel of war of one belligerent shall not depart within twenty-four hours from the departure of a vessel of war of the other belligerent."

"Sixth—The plant, establishments, buildings and all works necessary to the construction, maintenance, operation of the canal shall be deemed part thereof, for the purposes of this convention, and in time of war, as in time of peace, shall enjoy complete immunity from attack from belligerents and from acts calculated to impair their usefulness as a part of the canal."

### COMMERCE IS THE THING.

How the London Papers Regard the Treaty.

London, Nov. 18.—The Westminster Gazette this afternoon publishes an article contending that, even from a British viewpoint, it is desirable that the United States should build exclusively and guarantee the neutrality of the Isthmian canal and that if Lord Lansdowne obtained full commercial privileges in the canal for Great Britain the treaty will not be wholly one-sided.

The article concludes with advising the public to be prepared to accept a settlement which will be a triumph of diplomacy. By the blundering of American statesmen we were put in an embarrassing position last year and we will show some magnanimity if, for the sake of peace and good will, we approach this settlement without a recollection of that event. Let us remember that we have had some success in recent dealings with America. The shipping sea award and Venezuelan treaty were both substantially in our favor, and if we get open water in the canal, we shall be the gainers by the loss of the Clayton-Bulwer treaty."

The Pall Mall Gazette takes a similar view of the matter and says: "We are surrendering tonight what we would never seriously think of exercising, but which might be infringed at any moment to the serious detriment of British dignity. On the other hand, it is understood that compensation will be found in the absence of a heavy toll or tariff restrictions. The canal is expected to be thrown open to the world and the opening of that door will be the price at the British Government obtained, abandonment of the Clayton-Bulwer treaty."

### SPRIT OF MORNING PRESS.

Papers Not Over Enthusiastic About the Achievement.

London, Nov. 18.—Except as affording a chance for the opposition to attack the Government and the Foreign Secretary, Lord Lansdowne, the signing of the new Isthmian canal convention does not excite strong interest in Great Britain. It is generally admitted that the British have nothing to gain by the retention of the Clayton-Bulwer treaty, while they have much to gain by the construction of the canal.

The Morning Post congratulates both countries on the completion of the treaty and says it is glad that the convention of 1890 has been revised in accordance with American wishes. The Daily Mail fears that the signing might lead to a quarrel between the two countries, and thinks Canada ought to receive some consideration.

### INNOCENT OF ROBBERY, BUT GUILTY OF MURDER.

Strange Confession of a Man Claiming To Be a Son of Former Lieut. Gov. Worthington.

Roanoke, Va., Nov. 18.—A United States Marshal arrived here to-day from Potteryville, Ky., en route to Moundsville, W. Va., having in charge a man convicted under the name of Chian, for robbing a post-office in Wise county and sentenced to a term in the West Virginia penitentiary.

In a statement made by the prisoner he says his right name is Charles Worthington, and that he is a son of ex-Lieut. Gov. Worthington, of Kentucky, and that he is wanted in the Indian Territory, where in 1888, he killed a Deputy United States Marshal in self defense, near Hartshorn, and afterward fled from the country. He says he is innocent of the robbery in Wise county.

### Mr. Hillard Slightly Improved.

The condition of Mr. Byron Hillard was pronounced to be slightly improved last night. His physicians held out slight hopes of his recovery. His increased brightness led them to believe that the clot of blood upon the brain was being absorbed. In such a case, however, nothing definite can be known. Nevertheless, all in attendance were encouraged last night.

## THANKSGIVING

PROCLAMATION ISSUED BY GOV. BECKHAM.

Farris a Candidate For President of Senate.

## NEW PIPE LINE CORPORATION.

Frankfort, Ky., Nov. 18.—Gov. Beckham this morning issued his Thanksgiving proclamation. It reads:

Thanksgiving proclamation.—Commonwealth of Kentucky, Executive Department.

I appoint Thursday, November 29, 1901, as a day of thanksgiving and prayer throughout the Commonwealth. It is fitting that on such occasions the people should pause and contemplate the wonders of growth and development of our country, and should give grateful thanks to Almighty God, who has so blessed and favored us. Not a day has passed since the signing of the Declaration of Independence, but our country has grown from a small colony to a great nation, and our people have achieved a position of honor and respect among the nations of the world.

In witness whereof, I have hereunto set my hand and caused the great seal of the Commonwealth to be hereunto affixed.

Done at Frankfort, this eighteenth day of November, nineteen hundred and one, and the one hundred and tenth year of the Commonwealth of Kentucky.

By the Governor,  
HARRY G. TANDY, Assistant Secretary of State.

## SOCIETY MAN AND CAPITALIST SERVES AS MOTORMAN.

Percy Moore, Vice President of the Interurban Line, Shows His Skill in a New Field.

For half a dozen hours, Mr. Percy Moore, society man, capitalist and good fellow, ran a motor car out on the Louisville, Anchorage and Pewee Valley railway electric line, of which he is vice president. It was the first Sunday since the line was in operation, and the rush of travel called for the complete equipment, its full working force and extras. Out at the power-house the floors of the new company whirled each other on the back and made golden prophecies as car after car sped by on its long country trip.

Then another danger threatened the company. The supply of cars was at a low ebb, and Mr. Moore, vice president of the line, was called upon to serve as a "black eye" for the line.

Still the report came: "Can't accommodate the crowd."

Then Mr. Moore jerked off his "duds" and said:

"I'll fix it," he exclaimed, and five minutes later he was jumping toward the waiting crowd near the city limits, with the vice president of the company at the brake.

For six hours, everybody who rode on that car will vouch that the "dude" motorman was "all right."

## MAN AND WOMAN HAVE A LIVELY SET-TO.

Harry Thompson Uses a Poker On Lullie McKown's Head With Serious Results.

Harry Thompson, a cook, and Lullie McKown, a scrubber, clashed last night with serious results to both. The McKown woman is badly hurt. She boarded with Thompson and his wife at their home, 308 East Jefferson street. The two women quarreled last night and Thompson put a hand into the mess. Then Lullie McKown snatched up the kitchen lamp and broke it over his head. He retaliated on her temple with the poker.

When Patrolmen Powell and O'Neal arrived they had to wade through an amateur slaughter-house to drag out the bleeding prisoner. Their wounds were dressed at the jail. It is feared the woman's skull is fractured.

IN SPITE OF MODIFICATIONS.

SISTER LOUISE, FAMOUS WASHINGTON NURSE, DYING.

LATEST STORY ON ROOSEVELT.

Stranger In Zoological Park Asked Him For a Match and Was Gratiified.

OTHER GOSSIP OF THE CAPITAL.

Washington, Nov. 18.—[Special.]—The Ship Subsidy Bill will, it is said, be materially modified and made less objectionable to those who opposed it in the last Congress, because of its provisions in regard to admitting foreign-built vessels and payment to the ocean steamships devoted mainly to the passenger trade. But, however modified, the bill will encounter stubborn opposition from those who are opposed to granting subsidy under any conditions. Mr. Burton, of Ohio, represents this class. Speaking of the subsidy scheme, he said:

"I am opposed to the measure, and will resist its passage as I did last winter. I don't believe in the principle and don't believe it would be permanently effective in building up our merchant marine, nor that benefits would accrue in the way of reduced freight rates for our agricultural and other products."

Senator Vest opposed the bill in the last Congress, and will continue his opposition in the coming Congress. He recognizes, however, that the advocates of subsidy have the strength and the determination to push the bill through this winter.

"I think," said he, "the Republicans will pass the bill beyond any question."

Few New Members in Next House.

There are only eighty-six new members of the next House out of a total of 357. This will enable the Speaker to make up his committee without much trouble, and should have them all completed before adjournment for the holiday recess.

Beloved Nun Is Dying.

Sister Beatrice, the sister in charge of the famous Providence Hospital in this city, died two years ago, and tonight Sister Louise, who succeeded her, is reported in a dying condition. These two women possessed the most admirable traits of character, and were well known and highly respected by public and prominent men. Few members of Congress within the last quarter of a century have not known and esteemed them for their sweet and patient attention to those who came under their care. Sister Louise has been connected with the hospital for about twenty-five years. She received her training under Sister Beatrice. When she took charge of the institution she was thoroughly familiar with its affairs. Under her superintendence additional buildings have been erected for the work of constructing them is now in progress. Sister Louise, who was a Miss Lawler prior to taking the vows, lived in New York prior to the time she entered St. Joseph's Seminary at Emmetsburg, Md. Her mother has been with her most of the time since she was stricken with typhoid fever.

Sisters Beatrice and Louise were beautiful women when they first came to the hospital and always retained their good looks. Samuel Randall, "Sunset" Cox and Judge Holman were devoted to them in their day, and always made liberal appropriations for the benefit of the hospital. The Providence has been for many years the home of sick members of Congress.

Still Counting in Maryland.

Over in Maryland they are still counting the vote cast the first Tuesday in November. It will require the official count to determine the election of a number of minor offices. A large number of defective ballots have been found and thrown out and the "losses on both sides" are heavy.

The National Theater was packed tonight with a large and brilliant audience to witness Mansfield's rendition of "Beaucaire." Many prominent officials were present.

The Government received over two million dollars to-day and expended one million nine hundred thousand.

By direction of the Secretary of War, Lieut. Col. Charles R. Barnett, Deputy Quartermaster General, will proceed from St. Louis, Mo., to Jeffersonville, Ind., on official business pertaining to the settlement of his accounts, and upon the completion of this duty will return to his proper station.

Asked President For a Match.

Out in the Zoological Park the other day a young man walked up to a gentleman and asked for a match to light his cigarette. The gentleman gave him the match and, reaching down in his pocket, drew out and proffered him a cigar, which was declined with thanks. Then the two fell into conversation, and it developed that they had each been to Montana and agreed that it was a great country. "How I came to go to Montana," remarked the young man, "I was reading a description of that country from Roosevelt, now the President, and when I visited the country I was struck with the accuracy of the description."

"Well, I am glad to hear you say that," said the gentleman as he walked away.

The young man stared after him. A park policeman came up and touched him on the arm and said: "What did the President say to you?"

The President was taking an outing all alone.

Oil Found in Indiana.

Bedford, Ind., Nov. 18.—[Special.]—The excitement in the oil fields of Bono

township, in this county, has been revived by reports that vicinity that oil had been found in paying quantities. Eastern capitalists have been engaged in drilling wells in that vicinity for several weeks.

SHIED A SHARP MISSILE AT MANAGER'S HEAD.

Frank Bayse Created Disturbance At Ticket Office of Macauley's Theater.

Frank Bayse, a well-known young man-about-town, landed himself behind the bars on a charge of being drunk and disorderly last night, by smashing the glass in the ticket window of Macauley's Theater, and, with the framed seating plan, narrowly missing E. J. Sullivan, manager of James O'Neill. Bayse had been in the theater, but came out before the performance was over. He wished to get a return check, but, instead of taking one from the doorkeeper, he rushed on by to the ticket office. Mr. Sullivan was in there counting up the evening's receipts. Of course, the glass ticket window was closed. Bayse could see those inside at work, but they paid no attention to him. He hampered on the glass with his knuckles, and yelled what he wanted, but the men inside were too busy to pay any attention.

Then Bayse became enraged. Snatching up the heavy seat-plate which always lies on the shelf outside the ticket window, he hurled it with all his force against the ticket window. There was a tremendous smash, the ticket window was shattered, and the heavy, sharp-edged missile struck the desk at which Mr. Sullivan was sitting, almost within a foot of his head. Mr. Sullivan jumped toward the door, for, looked in the little office, the men were at the mercy of anyone desiring to reach them from the outside.

Corporal Pearce and Patrolman Rowley, hearing the noise, rushed to the ticket office in time to place Bayse under arrest. Mr. Sullivan promptly made complaint. The prisoner was charged with being drunk and disorderly.

## MRS. PHELPS DEAD.

HEART DISEASE CAUSED SUDDEN END LAST NIGHT.

Had Been Ill Three Years, But Death of Her Husband Hastened Her Demise.

Mrs. Amy Kaye Phelps, widow of the late Zack Phelps, died last night at 11:30 o'clock.

The death was sudden, though not altogether unexpected. For three years her heart has been seriously affected, and since Mr. Phelps' death, on August 23 last, her condition had been worse.

On last Saturday she was forced to go to bed, but not until yesterday afternoon, at 4 o'clock, did the illness take a critical turn. She sank slowly and passed peacefully away only a short time before midnight.

Since Mr. Phelps' death the widow has been living with her mother, Mrs. A. B. Kaye, at 1510 New Broadway. The end came while her mother, sister, Miss Luda Kaye, and brother, W. E. Kaye, were at the bedside. The other brother, Mr. C. A. Kaye, who lives in Parkland, and another sister, Mrs. J. B. Barnard, at New Haven, had been summoned late in the evening, but too late.

Three children—John, twenty years old; Zack, fifteen years; Amy Elliott, eight—survive. Mrs. Phelps was thirty-nine years old. She was married to Mr. Phelps January 1, 1881.

The funeral arrangements will be made to-day.

## MANCHURIAN TREATY ORDERED CONCLUDED.

Prince Ching Is Given Instructions, But Hope Is Not Abandoned By Japan.

Peking, Nov. 18.—Prince Ching telegraphs to the foreign office that he has left Kai Pong Fu with the Empress' instructions to conclude the Manchurian treaty. Whether this means that Russia's terms are accepted fully, or modified the telegram does not state.

The Empress is harassed by Japan and the Russian viceroys on one side, and by Russia on the other. The instructions may be changed before Prince Ching gets to Peking, according to which has the last word. The foreign office and the legations believe Russia will prevail.

## REPORT OF CONSPIRACY IN ALASKA DISCREDITED.

Army Officers Do Not Believe Story of Plans To Secure Independence.

Washington, Nov. 18.—Army officials wholly discredit the published story of the reported conspiracy to secure the independence of Alaska. The only report made by Gen. Randall to the War Department from his quarters at Vancouver, touching Alaskan affairs, related to the transfers of a couple of engineers, seven of whom being laid off, at the Chitenden Hotel is serious inconvenience. The cause of the trouble has not been located.

## PLANTS FORCED TO CLOSE.

Shortage In Supply of Natural Gas At Columbus, O.

Columbus, O., Nov. 18.—A shortage in the supply of natural gas was experienced by the Federal Company to-day, the pressure dropping from twenty-eight to two pounds. As a result a number of concerns suffered and employees were thrown out of work. The finishing department of the Hayden Rolling Mill was among the number which suspended. The Chitenden Hotel is serious inconvenience. The cause of the trouble has not been located.

## A GREAT FEAT

Harriman's Fight Against Morgan Puts Him

IN VAN AS RAILWAY POWER.

CREDITED WITH DICTATING TERMS IN NORTHERN PACIFIC CONTROVERSY.

PERSONAL CHARACTERISTICS.

New York, Nov. 18.—The World says:

Edward H. Harriman, who led the fight against J. Pierpont Morgan and James J. Hill, emerges from the conflict with the reputation of having practically dictated the terms of the peace settlement, and will now become, it is believed, the dominant figure in the American railroad world.

Mr. Morgan has heretofore occupied that position. Individually he controlled a greater total of railroad mileage than any other man. Harriman's power in the railroad world is now believed to exceed Morgan's.

Mr. Morgan's position as king of finance is still secure. The man who comes next to him is James Stillman. The ambition of Stillman is to outrank Morgan as a money power, just as it was Harriman's ambition to outrank Morgan as a railroad power.

Stillman and Harriman are the closest friends. Each is secretive with everybody except the other. They are

must know all about the visitor and the latter's business before he can be seen. Mr. Harriman has so successfully kept his business affairs to himself that his wealth is an unknown quantity even to his intimates. He may be worth \$5,000,000, and he may be worth \$50,000,000, if not more.

He is the close personal friend of William K. Vanderbilt and practically represents the Rockefeller family in the railroad world. His financial associates are the strongest. His business and personal relations with George Gould are very close and a number of the large banking interests with the most powerful connection with George Gould are very notably Kuhn, Loeb & Co., the American representatives of the Deutsch Bank, of Berlin.

Pitted Against Morgan.

In other words, the Vanderbilts, the Goulds, the Rockefellers and foreign interests have used Harriman and his mastery qualities as a strategist against the stupendous ambition of Mr. Morgan. It was with the backing of these interests that Harriman was able to check the Morgan-Hill plan to ride rough-shod over the rights of all the Western roads.

Harriman was a poor man when he entered Wall street about thirty years ago. He was the son of a New Jersey minister who left little in the way of wealth. The family, however, had rich connections here. These relations made it possible for Edward H. and his brother William to enter the banking firm of Loew, Harriman & Co. This subsequently became Harriman & Co.

Ten years ago E. H. Harriman retired from the firm to devote all his time to railroads, for which he has a natural gift. It has been said of him that he knows every inch of territory in the United States and its value from a railroad standpoint.

He is so familiar with every detail of the situation that he is said to carry in his head a complete railroad map of the country, down to the terminals of a branch road twenty miles long.

Mr. Harriman's town home is at 1 East Fifty-fifth street, but he spends most of the year on a 10,000-acre estate at Ardmore, in large country, about ten miles from Tuxedo. There he breeds blooded cattle and horses. Fast trotting horses among his only fast rides from scientific exploration; but he has

## NEW YORK

The Mecca of the American Millionaire.

A MAGNET FOR THE RICH.

COLONY OF WEALTHY MEN IS GROWING RAPIDLY.

PALACES FIT FOR KINGS.

New York, Nov. 18.—Millionaires are flocking to New York from Philadelphia, Chicago, San Francisco and other cities, says the Sunday World. All along Fifth avenue new buildings are being constructed by "outside" moneyed men. Those new millionaire arrivals who are not building residences are renting houses from old New Yorkers.

Among the latest additions to the ranks of New York's wealthy class are the Drexels of Philadelphia. John R. Drexel has rented the Frederick W. Vanderbilt mansion, corner of Fifth avenue and Fortieth street. Mrs. Drexel is making elaborate preparations to entertain during the coming season. The Vanderbilt house was the old home of W. K. Vanderbilt and has been the scene of many of New York's most splendid social functions.

Many From the West.

Mrs. Drexel pays a rental of \$14,000 a year for the house. The lease is dated from November 1. The house is superb, several receptions. Among other important millionaire invaders are Andrew Carnegie, the Crookers, of San Francisco; Senator Clark, of Montana; Charles Tyson Yerkes, of Chicago; Clarence H. Mackay, the Dails, the Huntington, the Moores, the Chisholms, the Froctors, the Moores and the Reids.

Senator Clark is a great lover of art. In the Clark gallery of paintings are more masterpieces than in the gallery of any other man in America with the exception of W. K. Vanderbilt. Mr. Clark has agents constantly in most of the European capitals looking out for bargains in pictures. The Clark mansion now being built will cost nearly \$2,000,000. It will be one of the finest residences in America. It is to have a private theater, every detail of which will be perfect. Mr. Clark's hall of sculpture will vie with that of the Metropolitan Museum of Art.

Mansion For Carnegie.

Mr. Yerkes has been in New York five years, but a great deal of his time recently has been spent in London, where he is interested in underground electric railroads. It is said that he will give some splendid entertainments in the Fifth-avenue residence as soon as he returns from abroad.

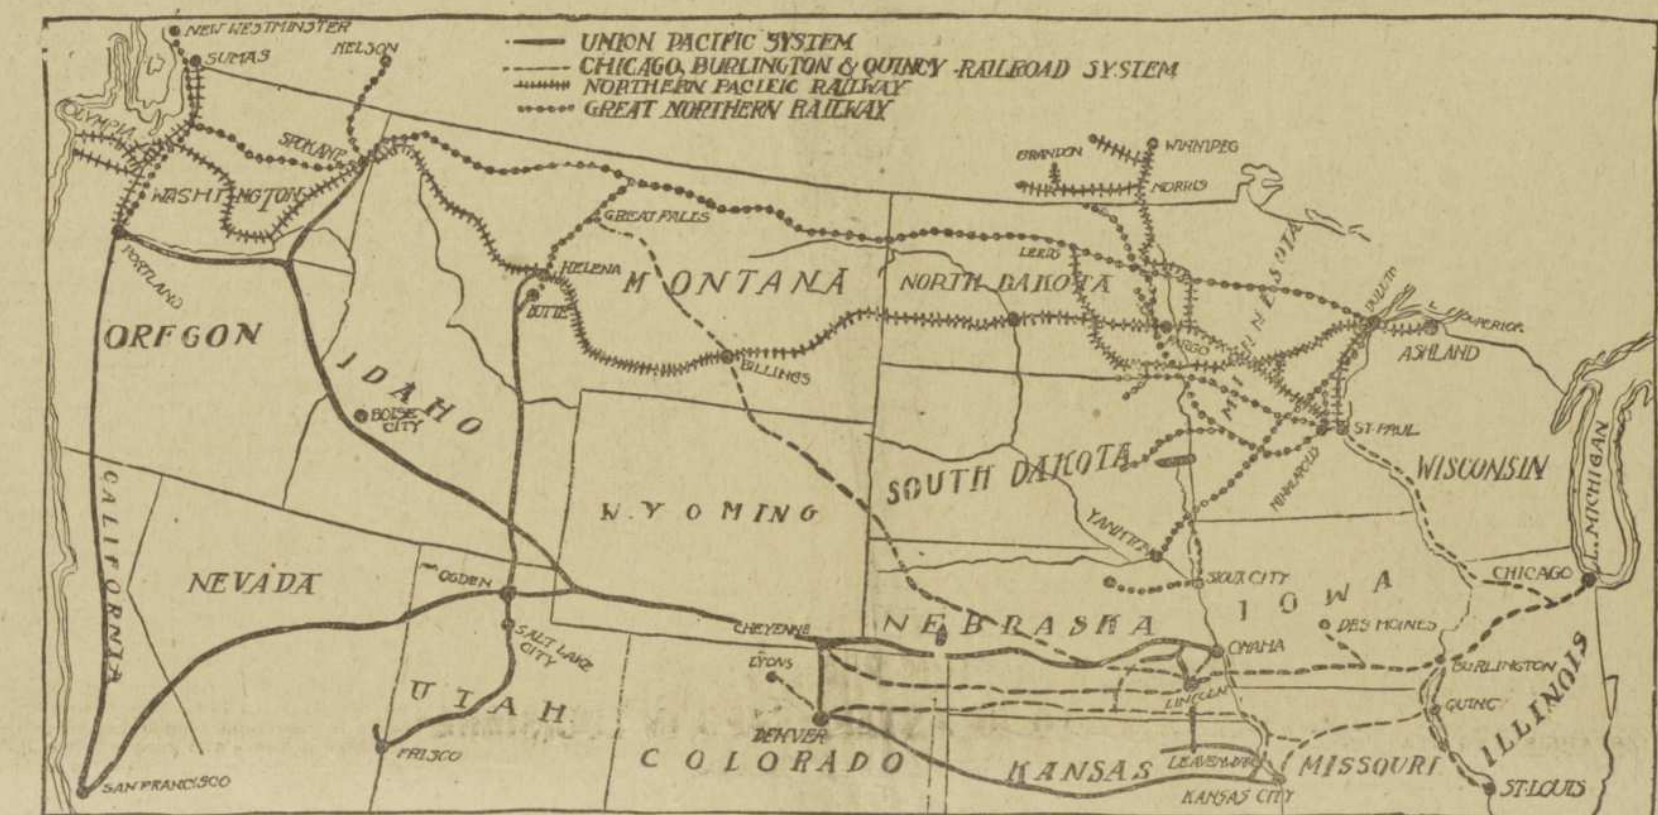

Another palatial residence going up on the further end of Fifth avenue is that of Andrew Carnegie. This house will not have so elaborate an exterior as the Clark house, but it is said that its interior decoration will be fully as costly as those of the Senator's home.

The Carnegie art and sculpture galleries will represent an investment of about \$1,000,000. Though Mr. Carnegie has so long been identified with New York, he does not live under the list of outsiders; for it has only been within very recent years that he has made New York his permanent home. Previous to that time Pittsburgh—where he amassed his vast fortune—was his abiding place.

## HANDSOME GIFT TO THE RETIRING MAYOR.

SUES TO RECOVER MONEY FROM DOWIE.

The "Faith Healer's" Brother-in-law Wants Receiver Appointed For Zion Laid Industries.

Chicago, Nov. 18.—Samuel Stevenson, a brother-in-law of John Alexander Dowie, the "Faith Healer," to-day entered suit to have a receiver appointed for the Zion Laid Industries, one of Dowie's enterprises, for which he imported fifty locomotives from England. Stevenson himself came from England, and alleges that Dowie has withheld from him remuneration which has been promised. His bill claims that Dowie offered him a bonus of \$50,000, \$100,000 of the company's stock, and the superintendency of the business at a good salary. He further alleges that he got

nothing but the superintendency, and that Dowie beguiled him into signing an innocent looking document which in reality gave Dowie entire ownership of the lace company.

DIXON MEETINGS LARGELY ATTENDED.

Noted Evangelist Will Be In Louisville Four More Days.

The second week of Dr. Dixon's preaching at Second and College streets began well. He preached at 3 p. m. yesterday and 7:30 p. m. on how much of Heaven we can have in this life. Last night he was especially eloquent and forceful in speaking of dead loved ones as not lost.

"We have them with us in our hearts all the more because they have gone from us," he said. "It has been twelve years since I buried my dear boy, but I think of him now more than while he was with me. Since I've been preaching here he has been more in my mind and heart than when I was off preaching years ago and knew that he was playing at home."

The congregations are large and solemn. Dr. Dixon preaches at 3 p. m. and 7:30 p. m. He will be here but four days more.

The most pleasant days he spent in the City Hall with his associates. They would all remember him with affection for his uniform kindness, courtesy and watchfulness of the interests of his subordinates during four years.

The Mayor, deeply touched by the kind expressions of the donors, replied that he would always cherish the kindest feelings for all who had been connected with him in the city government and helped to make his administration successful. As for the present, it would be a constant reminder to him of pleasant days spent among such efficient and faithful associates and public servants.

## WHO IS "STELLA"?

EXCITEMENT DOWN TOWN WHEN THE JAIL MATRON DEMANDED HER.

One Man Says She's a Crazy Woman—Taken To Convent of Good Shepherd.

Mrs. Florence Hartlee, the jail matron, was responsible for much excitement about Twenty-sixth and Rowan streets last night. The matron was searching for a girl that she wished to take to the Convent of the Good Shepherd, at Twenty-third and Bank streets.

"Stella" was the only name that the citizens of that neighborhood heard, and they are wondering who "Stella" is. Mrs. Hartlee is silent and Patrolman Stephen Conley, her companion, says that he does not know who she was.

It was about 9 o'clock when Mrs. Hartlee and the patrolman started on their downtown trip. They were in a carriage. Patrolman Conley was acting upon orders from his superior. The jail matron, earlier in the evening, told Maj. Krakel that she would need a patrolman, and Conley was told to accompany her.

The driver stopped in front of T. J. Luddy's residence, at 2522 Rowan street. The matron, followed by the officer, left the carriage and walked to the rear door. Mrs. Luddy answered the knock.

"I want Stella," were the first words that her visitor spoke.

"Stella? Stella who? Luddy's live here. We have no children."

Mrs. Hartlee brushed past her.

"I know that she is here and I want her."

Mr. J. Lathgow Smith, of the Columbia Finance and Trust Company, as Mr. S. S. Meddis, the auctioneer, has returned from Ballard county, where they conducted a successful real estate sale. The people who live at 2508 interested. They sold a tract of 1.4 acres of combined cypress timber at pasture land for an aggregate of \$12,000, or an average of \$9 an acre. The sale was entirely satisfactory to all parties concerned.

## POLICEMAN

Charged With Causing  
Miss Renner's Death.

ARRESTED IN EVANSVILLE

AS RESULT OF EVIDENCE SE-  
CURED BY CORONER.

MYSTERY MAY BE CLEARED.

Detectives Believe That Three Mur-  
ders Under Similar Circum-  
stances Were Commit-  
ted By One Person.

ANOTHER CASE RECALLED.

Evansville, Ind., Nov. 18.—[Special.]—  
Wilbur S. Sherwell, a patrolman of the  
Evansville Police Department, was ar-  
rested this afternoon on a warrant  
sworn to by Coroner John P. Walker,  
as the result of evidence that has been  
secured from witnesses examined dur-  
ing the taking of testimony in the case  
of Lena Renner, one of the two women  
who were strangled to death near this  
city last Monday night. The coroner  
has been on the point of having the  
arrest made for several days, but did  
not fully make up his mind until this  
afternoon. Patrolman Sherwell was sum-  
moned to the office of Prosecuting At-  
torney Durre early this morning, and  
after an hour with that official he was  
invited to the coroner's office, where he  
spent several hours. He was put  
through what is called the "sweet"  
process, but made no admissions. He made  
several statements, however, that were  
later contradicted by witnesses.

Sherwell was taken before a Justice  
of the Peace and was committed to jail  
to await a preliminary hearing. The  
prisoner is a married man and has been  
on the police force about three years.  
It was on his beat in May last that  
Fannie Butler, the negro woman, was  
strangled to death.

Believe One Man Guilty.

The detectives have believed that one  
man is responsible for the murder of  
Lena Renner, Mrs. Bailey, and the  
mulatto woman Fannie Butler, all of  
whom were strangled to death. It has  
developed that Sherwell frequently took  
Mrs. Bailey buggy riding.

In the case of Mrs. Bailey, the au-  
topsy showed she had been assaulted  
and that there was a struggle, and  
after marriage, her throat which  
showed that she had been strangled.  
With the Renner girl it was shown she  
was ill at ease because her lover was  
late in arriving.

STRONG COMPETITION FEARED.

Strong Indiana Cement Interests  
Uneasy Over Recent Develop-  
ments.

Richmond, Ind., Nov. 18.—[Special.]—  
The Southern Indiana cement manufac-  
turing interests are said to be much alarmed  
over the development of the cement  
industry in the northern part of the  
State, through the discovery of a first-  
class marl in the beds of the small  
lakes within the past four years. Al-  
ready the product of the Northern marl  
is said to be cutting in on the trade  
of the establishments around Louis-  
ville, which have had a virtual mono-  
poly.

CHANGE OF VENUE

Granted In Suit To Recover Money  
From Gamblers.

Washington, Ind., Nov. 18.—[Special.]—  
The suit filed by Richard C. Davis,  
ex-cashier of the People's National  
Bank, against half a dozen local gam-  
blers to recover \$38,000 lost at gambling,  
was to-day transferred to Knox county  
on a change of venue. The defendant  
claiming that the public sentiment here  
is so strong against gambling that it  
would be impossible for the keeper of  
a gambling room to receive a fair trial.

Wedding Anniversary Celebrated.

Bedford, Ind., Nov. 18.—[Special.]—  
Col. A. C. Voris and wife have been  
married for thirty years, celebrated  
the anniversary of their marriage Sat-  
urday by keeping open house. Col.  
Voris is well known in Louisville, where  
he has relatives. He is one of the lead-  
ing men of Southern Indiana, and is  
president of the Citizens' National  
Bank of Bedford.

To Have a Military Funeral.

Madison, Ind., Nov. 18.—[Special.]—  
The body of George Magee, late of  
Company D, One Hundred and Sixty-  
second Indiana, killed in a railroad ac-  
cident at Slater, Iowa, arrived to-day  
at the home of his mother in this city,  
and will be buried to-morrow with mili-  
tary honors.

Interurban Company Organizes.

Lafayette, Ind., Nov. 18.—[Special.]—  
The interurban line between Lafayette  
and Indianapolis met to-day and elected  
the following officers: William C.  
Mitchell, Lafayette, president; Robert  
A. Clark, Colfax, vice president; A.  
Orth Behm, Lafayette, secretary; Henry  
A. Taylor, Lafayette, treasurer.

CONSCIENCE FUND GETS \$100.

Sent To Gov. McMillin By An Un-  
known Person.

Nashville, Tenn., Nov. 18.—[Special.]—  
When Private Secretary Ed. K. Glenn  
opened Gov. McMillin's mail this morn-  
ing he was surprised to find a \$100 bill,  
accompanied by the following anonym-  
ous communication:

The bill is one issued by the National  
Bank of Commerce of Kansas City. The  
letter, while dated at Brownsville, was  
mailed in Memphis.

New Equipment Desired.

Nashville, Tenn., Nov. 18.—[Special.]—  
The directors of the Tennessee Manu-  
facturing Company have issued a cir-  
cular letter to the stockholders of that  
corporation suggesting such an ex-  
change or retention of its facilities as  
will enable the plant in this city to be  
reorganized upon a more advantageous  
basis. Mill No. 1 is filled with out-of-  
date machinery, and new machinery is  
necessary to put it on an equality with  
other mills of the South.

### BRIEF POINTS ABOUT PEOPLE.

Miss Pattie Ellison and Sir Charles  
Ross have advanced the date of their  
wedding a day, and instead of being mar-  
ried to-morrow at 12 o'clock, the cere-  
mony will take place this morning at 11  
o'clock at the home of Mr. and Mrs. An-  
drew Ellison, the bride's parents. The  
Rev. J. Kinsey Smith, of the Fourth-  
avenue Presbyterian church, will be the  
officiating clergyman. The date was ad-  
vanced to give Sir Charles a day longer  
in the East in which to attend to some  
business before sailing on Saturday for  
England.

Miss Eleanor Avery was the guest of  
honour at a charming buffet luncheon  
given yesterday afternoon at 2 o'clock by  
Mrs. Frederick N. Lewis. The decorations  
were in pink and the table was ar-  
ranged with a tall vase of Catherine Mer-  
met roses and silver candelabra support-  
ing pink candles. The luncheon was the  
second of a series of entertainments  
which will be given in honor of Miss  
Avery during the season.

Booker, with a party of friends, have

## NEW RECORD

For Gold Shipments To  
Europe Established.

\$7,082,581 WILL GO TO-DAY.

ALL BUT \$1,000,000 BOUND FOR  
PARIS.

OFFSET TO THE EXPORTS.

New York, Nov. 18.—A new high  
record for gold engagements to Europe  
from this port was established to-day  
when gold to the amount of \$7,082,581  
was taken from the assay office for  
shipment in the steamship Kaiser Wil-  
helm der Grosse, which leaves to-mor-  
row. The gold was ordered in the regu-  
lar course of business, and according  
to reports from the London office, it  
will be sent to Paris, the steamship  
dropping the greater part at Cherbourg.  
The shipments were made possible  
for the high rate of exchange, and it  
was figured to-day that unless a  
rapid change of rates occurs fully \$25,-  
000,000 will follow.

Shippers and Amounts.

The shippers and the amounts follow:  
Lazard Freres, \$2,568,109; Heidebach,  
Jekelheimer & Co., \$1,595,766; National  
City Bank, \$1,243,325; Goldman, Sachs &  
Co., \$1,005,533; Baring Morgan & Co.,  
(for account of Kidger, Peabody & Co.,  
of Boston), \$258,650.

The departure of this big amount of  
yellow metal marks a change of attitude  
on the part of the marine under-  
writers in this country. For a long time  
even with the modern and fast sea-  
going vessels the underwriting companies  
would not risk more than \$4,000,000 in  
one "bottom."

In Form of Bars.

All the gold going out to-morrow will  
be in the form of bars. The packing of  
this vast amount of gold was done at  
the assay office to-day and was not  
completed until a late hour. The \$7,082,-  
581 gold to Germany (two-thirds of the  
shipment of Heidebach, Jekelheimer &  
Co.) was packed in oblong boxes. The  
remainder was put into brand new oak  
kegs, which were strongly bound  
with iron hoops and carefully sealed.

To offset the heavy gold exports there  
were unusually large tenders of Gov-  
ernment bonds. A redemption of \$100  
million of bonds was made. The ship-  
ment of Heidebach, Jekelheimer &  
Co.) was packed in oblong boxes. The  
remainder was put into brand new oak  
kegs, which were strongly bound  
with iron hoops and carefully sealed.

Miss Madeline Cain left last night  
to spend the winter in East Orange, N. J.

At the banquet to be given for Mr. H. S.  
Irwin, at the Louisville Hotel this evening,  
Mr. Samuel L. Avery, Mr. William  
M. Conrad, Mr. E. C. Bohne and Judge  
John S. Jackson will respond to toasts.  
Covers will be laid for twenty.

Miss Hettie May Hermany and Mr. Jas.  
L. Smyser will be married this evening  
at 9 o'clock at the home of Mr. and Mrs.  
Charles Hermany.

Miss Margaret Cox will be introduced  
to society this evening at a ball to be  
given at the Galt House by Mr. and Mrs.  
L. O. Cox.

Mr. and Mrs. W. Melone will be in the  
city for the winter with Mr. and  
Mrs. George Hunter, of 165 Ches-  
ter Boulevard. Mr. Melone is Clerk of  
the Quarterly Court.

GOOD ROADS

LARGE SUM

PLEGGED TO WOMEN'S CHRIS-  
TIAN TEMPERANCE UNION.

Greatest Amount Ever Collected At  
Any Meeting of Organization—  
Penal and Reformatory  
Work Discussed.

Fort Worth, Tex., Nov. 18.—The  
fourth day's session of the National  
Woman's Christian Temperance Union  
had under consideration the death of  
the year; work among colored people;  
work in penal and reformatory insti-  
tutions and among soldiers and sailors.

The afternoon session had for its  
chief feature the report of the commit-  
tee on resolutions.

The report of Mrs. Lucy Thurman,  
superintendent among the colored peo-  
ple of the country showed encouraging  
progress among the race. The race riots  
in Louisiana, the report said, had in-  
terfered with work there.

An encouraging feature of the fore-  
noon session was a statement from the  
chair that the amount of money  
pledged and collected at this meeting  
is the largest amount ever realized at  
any gathering of the Woman's Chris-  
tian Temperance Union.

Penal and reformatory work of the  
year was outlined by Mrs. Jane M.  
Kinney, of Michigan. "We must give  
these unfortunate practical help," she  
said. "This is our duty and we must do  
it bravely, pushing our plans. We shall  
work till there are no more convict  
camps, until prisoners shall be prop-  
erly separated and classified and until  
moral and Christian influences may be  
thrown around all convicts."

The proposed change in the by-laws  
regarding candidates as lecturers, su-  
perintendents and organizers to be  
chosen by a two-thirds vote was de-  
bated, and the present majority rule  
will be adhered to. The vote stood 202  
to 2.

A great deal of interest has already  
been manifested in the arrival of the  
good roads train, and the probability is  
that the city will be filled with visitors  
by the time the specimen road is well  
under construction.

Attacks His Opponent's Record.

Smithville, Tenn., Nov. 18.—[Special.]—  
The town was divided this morning  
in the delivery of a sen-  
sational speech prompted by Judge B.  
M. Webb in the announcement of his  
candidate for the Chanceryship, and  
Judge Webb spoke without trepidation  
or hesitation, and severely attacked  
Chancellor Fisher's official record.

cost of building material since taking  
several contracts.

EXEMPTION IN CHARTER

DECLARED TO BE VOID.

Gulf and Ship Island Railway Must  
Pay Taxes To State of Mississippi.

WASHINGTON, Nov. 18.—An opinion was  
rendered in the United States Supreme  
Court to-day in the case of the Gulf  
and Ship Island Railway Company  
against George P. Hughes, a tax col-  
lector in Mississippi, the opinion being  
delivered by Justice Brown. The case  
came to this court from the Supreme  
Court of Mississippi, and because of  
the purpose of enjoining the collection of  
taxes levied upon the railroad company.  
The railroad company was incorporated  
in 1882 and its charter contained a  
provision exempting it from taxation  
for twenty years. The State courts,  
however, held that this charter was re-  
pealed, and that it actually was re-  
pealed by the adoption by the State  
of the annotated code, which was ac-  
cepted by the State in 1892. The deci-  
sion of the State court and became the  
law of the land and not a Federal question  
in the opinion of the United States  
Supreme Court, and because of this  
view the opinion handed down to-day  
affirmed the decision of the Supreme  
Court of Mississippi. The effect is to  
hold the railroad company responsible  
for taxes, regardless of the exemption  
of its charter. The court also held that  
the railroad company could not claim  
immunity from taxation on the ground  
that its property was of a privileged  
character.

fined \$25 and costs, making a total of  
\$50. He was committed to the city jail  
for ten days.

Workmen are now engaged in laying  
the arch of the Seventh-street bridge, and  
it is expected that the structure will be  
completed and ready for use in three  
weeks. The work is being done under the  
personal supervision of Mayor Crumbo,  
who is an expert stonemason.

The German shipmen attracted at-  
tention because most tankers do not pre-  
sent in sending goods to Berlin at present.  
Some time ago when exchange was far  
below current prices, \$250,000 gold was  
sent to Germany in exchange for goods.  
Therefore the current shipment may be re-  
garded as practically the first one of the  
season to that country.

Andrew J. Glaze, who has been op-  
erating a little wayside saloon near the  
Sugar Creek bridge, on the bank of the  
Ohio river, fourteen miles below the  
city, was convicted of violation of the  
Prohibition laws by Judge J. H. Harris  
in the Circuit Court at Corydon, and his  
punishment was fixed at a fine of \$300  
and costs, and a term of six months in  
the State Penitentiary. He was re-  
turned against him. His conviction  
was the result of the efforts of the  
Good Citizens' League of Harrison  
county.

Justice J. V. Vance yesterday  
received for the interests of John  
Hutchings, deceased, the firm of  
Plumer & Co. the petition for the ap-  
pointment of a receiver having been filed  
in the Circuit Court at Corydon. Plumer  
and Jacob Walters. This action will have  
no effect whatever on the business of  
the firm, which will be carried on as  
usual. Under the statute partnership mat-  
ters are not affected by the death of a  
partner, and the firm will continue to  
operate until a member of the firm  
should no action be taken by the re-  
ceiver. Each time the firm is re-  
ceived, a receiver is appointed to have  
charge of the business of the deceased  
partner.

Madame Sembrich, the great singer, upon her arrival from Europe, made arrangements with Mr. Graff for six song recitals to be given in New York, Boston, Cincinnati and Chicago. These are the only recitals she will give in the United States this season, having been engaged by Mr. Graff for the Grand Opera. Madame Sembrich, who used on her tour last year a Baldwin grand, has been so well impressed with the qualities of the Baldwin Piano that she has expressed her desire to use the same instrument in her song recitals this season. This again demonstrates how a piano of real artist merit improves on acquaintance and makes permanent friends.—The Presto, Nov. 14, 1901.

### The Corpse Is To Be Delivered.

#### CORONER GIVES UP THE BODY.

#### AND IT WILL NOT COME TO JEFFERSONVILLE.

#### MAYOR TAKES CHARGE OF IT.

#### Special Grand Jury Will Be Drawn To-day To Indict Rathbun In Jeffersonville.

#### AFFIDAVIT FROM APPLEGATE.

Little Rock, Ark., Nov. 18.—[Special.]—Mayor W. R. Duley this evening made demand upon Coroner Young for the body of the unknown man shipped here from Jeffersonville as that of Newell C. Rathbun. The coroner complied with the demand and said he would at once notify the Indiana authorities.

Mayor Duley claimed the body on the ground that he requested the coroner to take charge of it immediately after the dispute arose over its identity. The mayor says he will turn the remains over to Mrs. Rathbun and she can do what she pleases with the corpse. He is evidently upholding Chief of Police McMahon in that officer's theories regarding the case. He says he does not attach any importance to the newspaper reports that the genuine Rathbun is in jail in Jeffersonville, and appears to ignore the certified evidence obtained by Deputy Sheriff Chichester.

#### RATHBUN JURY

#### Will Be Drawn From the Box To-day—Special Verdict Ordered By Judge Marsh.

Judge Marsh, of the Clark Circuit Court, in Jeffersonville, decided to order a special grand jury, after Prosecutor Mayfield read the affidavit of Capt. Applegate charging Newell C. Rathbun with having poisoned Charles Goodman, his object being to create the belief that it was his own body and thereby collect \$4,000 from the Metropolitan Insurance Company. Jury Commissioners Townsend and Miller will draw six names from the jury box this morning. It is known that the box contains but ten names. The men selected will report in court Thursday and immediately begin investigating the case.

Judge Marsh, Prosecutor Mayfield and Coroner Young met yesterday forenoon and made all arrangements for the remains returned for post-mortem examination. Dr. Kastenbine was asked yesterday how much time would be required to ascertain the contents of Goodman's stomach. He said probably two weeks.

Capt. Russell of Seymour, was in Jeffersonville last night. He thinks he knows Goodman. The captain is a member of the Seymour Police Department, and from whom he learned that Goodman has been there often. He will return when the remains reach Jeffersonville.

#### Mr. Mann the New Deputy.

Elijah Mann is the only new deputy under James Brown as City Tax Receiver. The rest of the force is main as it was during the four years that Mr. Camp held the receivership. The office of chief deputy left vacant by Mr. Brown's election. Mr. Mann was at one time in the County Clerk's office under George Webb.

#### A special meeting of the New Albany Common Council was called last evening for a half hour before the regular session by Councilmen Wilcox, Zier, Thurman, Bir and DeBrie. An ordinance prescribing to W. D. Perry and his associates a franchise for the use of the streets and alleys to confine to June 1, 1947, for the plant of a heat, light and power system for private and public use, with all proper safeguards provided for, was introduced and referred to the Committee on Finance. It was expected that the ordinance would be put upon its passage at the regular meeting a half hour later, but for some reason nothing more was said about it and no action will be taken until the next meeting.

#### This ordinance fixes the price of natural or artificial gas at \$2.00 for 1,000

feet for illuminating and \$1.10 for fuel, with the usual ten cents discount for prompt payment, the price now exacted by the company in operation in New Albany. For the heating of houses by private consumers, the price is fixed at not to exceed twenty cents a square foot for the period extending from October 1 to June 1. This would be about \$10 for a room sixteen feet square and ten feet high. For churches and schools, the rate is to be less than that for private consumers, and the heat is to be 70 degrees.

At the regular meeting Mayor Crum's veto of the resolution giving a rebate of \$1.17 a running foot on the assessment of the property owners on Pearl street was read. After a heated discussion action on it was deferred until the next meeting. F. W. Peters was in a mood of assailing the Board of Regents of Fairview cemetery. A resolution providing for the repair of sidewalks on the south side of Market street, east of Fourteenth, was adopted. The Committee on Streets and Alleys was granted further time in which to report on the improvement of Main from Pearl street to West First. A motion of Mr. Struck changed the name of the committee to No. 12, on account of the "bad luck" that has been attached to it for several years, was tabled and the Council adjourned.
